

# Job Title: Manager of Traffic Engineering

---

## WHY CHOOSE HSH:

Now in our 30<sup>th</sup> year, Howard Stein Hudson (HSH) is an expanding, dynamic firm of civil and transportation engineering and planning experts based in Massachusetts and working throughout the Northeast. Our culture is warm, close-knit, and fully engaged with both colleagues and clients. Our work on some of the most high-profile, exciting, and complex projects in Massachusetts is driving our growth.

We are an established firm of over 70 professionals, all located in Boston and Chelmsford. We are well-known in the region and enjoy close working relationships with our clients. Our aim is to offer rewarding professional experiences with opportunities for professional development and leadership. Our culture is what makes us different.

## RESPONSIBILITIES:

We have an excellent opportunity for a **Manager of Traffic Engineering**. The successful candidate will manage and mentor engineering staff on a variety of the region's most complex projects. The type of work will include, but not limited to; traffic analysis from local intersections to interstate system models, safety analysis, development of conceptual and final solutions, presentations to clients and the public, design of traffic signal, signage, and pavement marking plans and management of transportation studies. You will be featured as an expert in one of the leading firms in the region.

## DESIRED SKILLS AND EXPERIENCE:

- Bachelor's Degree Civil Engineering
- 8+ years' experience of progressive responsibility in Civil/Traffic Engineering
- P.E. license and PTOE highly desired
- Experience with AutoCAD, Synchro, and Vissim required
- Experience with MassDOT and municipal standards and deliverables
- Ability to work in team environment as an individual contributor
- Ability to supervise and mentor a group of highly talented engineers
- Organized and able to prioritize tasks and manage time efficiently
- Strong written and verbal communication skills
- Ability to utilize critical thinking, judgment and experience to define, analyze and resolve problems and issues

If you are interested in becoming part of a company focused on improving cities and towns through enhanced public infrastructure, let's do it together. We invite you to help Howard Stein Hudson build a better tomorrow by becoming part of our team. HSH is the kind of place where you can make a difference.

Howard Stein Hudson is an EEO/AA employer.
