

## Highway/Transportation Designer/Engineer – Boston, Worcester, or Lawrence

Do you have the desire to help shape the future of a fast growing company that will give you the opportunity to take your career to the next level? Do you want to work for a company that has been named one of the Top Places To Work in Massachusetts from the Boston Globe for the past three years? Then continue reading - Nitsch Engineering is looking for you!

We are looking for a dynamic Highway/Transportation Design Engineer with 4-10 years of hands on practical Highway/transportation engineering experience to join our team in the Boston, Lawrence or Worcester Office. With over 28-year history, we are an established mid-sized engineering firm that provides survey, civil/site, transportation, structural, GIS, and planning services to a wide variety of clients including developers, architects, universities, state and municipal government agencies. As we continue to grow our market share, we strive to position ourselves and build on our successful model of client delivery by expanding our transportation engineering capabilities. To achieve this goal, we are in immediate need for Highway/Transportation Engineer with hands-on design experience and knowledge with Massachusetts Department of Transportation process and standards.

Are you are experienced in performing roadway and highway design, drainage and utility design, preparation of constructions documents, including plans, specifications, and estimates? Are you self-motivated, have strong computer skills, pay attention to details, and take pride in your work? If you are proficient in AutoCAD Civil 3D, we would like to speak to you, and encourage you to apply.

This position has great potential for growth and establishing client contacts. If you possess a bachelor's degree in Civil Engineering and an EIT, and are ready for your next career adventure where you can make a difference, come and talk to us.
