

JOB POSTING: ENTRY LEVEL TRAFFIC ENGINEER/TRANSPORTATION PLANNER

Milone & MacBroom, Inc. is a growing multidisciplinary engineering, landscape architecture, planning, and environmental science consulting firm. Our corporate office is located in Cheshire, Connecticut, with regional office locations in Maine, New York, New Hampshire, Massachusetts, and Vermont.

Milone & MacBroom, Inc. is seeking an entry level **Traffic Engineer and/or Transportation Planner** to join our transportation group in Connecticut.

The qualified candidate will be responsible for assisting senior staff in transportation planning, data collection and traffic analysis, parking studies, safety studies, bicycle and pedestrian evaluations and signal design. The candidate will prepare technical reports, plans, specifications and cost estimates for a wide range of transportation planning and traffic engineering related projects.

The candidate should demonstrate an interest in the field through course work and/or internship experience. Qualifications include:

- Bachelor's Degree in Civil Engineering or Planning with a focus on Transportation
- Working knowledge of *AutoCAD*, *Microstation*, and/or *GIS* software
- Familiarity with traffic analysis software such as *Highway Capacity Software*, *SYNCHRO*, and *VISSIM*
- Excellent verbal and written communicative skills

This position has great potential for growth. Working with an experienced team of engineers and planners, the successful candidate will share in our efforts to expand the services offered by Milone & MacBroom, Inc. and expand the geographic reach of services that we currently provide.

We are committed to giving back to the community in which we live and work. We are a team of talented, committed, energetic people who are motivated by challenge, diversity, and team success. We offer a comprehensive benefits package, competitive salary, opportunities for advancement, and a fun and creative working environment. Come join our team.
