

WHO WE ARE

Milone & MacBroom, Inc. is a leading consulting firm with distinguished multidisciplinary expertise in engineering, landscape architecture, planning, and environmental science. Recognized as one of the largest engineering firms in 2018 by the Hartford Business Journal and classified in 2017 by Engineering News Record as a top design firm, MMI is looking for the next talented professional to advance the team. Our corporate office is located in Cheshire, Connecticut, with seven regional locations in New Haven, Connecticut; Portland, Maine; New Paltz, New York; Bedford and Manchester, New Hampshire; Springfield, Massachusetts; and Waterbury, Vermont.

YOUR ROLE AND INFLUENCE

Milone & MacBroom, Inc. is currently seeking a mid-level Traffic/Signal Design Engineer to work in our Transportation Group located in our Cheshire, Connecticut headquarters. There will also be opportunities to work out of our downtown Springfield, MA office. With a full palette of diverse and challenging transportation projects, we are looking to strengthen our industry-leading workforce with creative and hardworking individuals who offer new perspectives and innovative ideas. The Traffic/Signal Design Engineer will be responsible for traffic signal and communication designs, intersection/roadway designs, traffic studies, safety studies, and multi-use bicycle and pedestrian projects.

Successful candidates will work alongside a multi-disciplinary team of licensed professional engineers, architects, planners, and scientists and contribute to various transportation engineering and design projects.

YOUR SKILLS AND PROFICIENCIES

The Traffic/Signal Design Engineer should possess the following qualifications:

- Bachelor's Degree in Civil Engineering or related field
- Minimum five years of experience in the field of transportation engineering
- Professional Engineer (PE) Licensure (preferred) or ability to obtain licensure within a year
- Proficiency in *Microstation*, *AutoCAD*, *Synchro*, *HCS*, and other related software (preferred)
- Problem-solving skills and strong attention to detail with excellent analytical and judgment capabilities
- Demonstrated ability to understand and integrate information to advance projects from origination to implementation to completion
- Excellent written and communication skills

OUR CULTURE AND VALUES

We are committed to professional excellence, best practices, and the high standards of ethics and integrity that are fundamental to our success in improving our community. Whether you are a young graduate or an experienced professional, we seek the best talent and offer a wide range of career opportunities for personal growth and professional development. Our camaraderie continues outside work hours with engaging team sports, volunteer opportunities in the community, wellness events, and company-sponsored gatherings and activities. With a comprehensive benefits package, competitive salary, opportunities for advancement, and a fun and creative working environment, we hope you'll consider applying.
